

About INMANTEC Institutions

Integrated Academy of Management and Technology, fondly known as INMANTEC, is striving hard to get globally recognized as a hub of professional education. INMANTEC is running in its 22nd year of purposeful existence and is one of the fastest growing business schools of the country. The school integrates knowledge, research, industry experience and international exposure to offer comprehensive programs in management, law, education and computer science. INMANTEC, ranked 'A+' amongst the top 30 business school in India, 3rd in Uttar Pradesh (as per AIMA and CSR/GHRDC B school surveys), was incepted in the year 1995 under the aegis of a registered no-profit educational society with its flagship course PGDM (two year full time Post Graduate Diploma In Management), approved by AICTE, Govt. of India later on added MBA, MCA (AICTE approved, affiliated to Dr. A. P. J. Abdul Kalam Technical University) and BBA, BCA, LLB, BA-LLB, B. Ed (affiliated to Ch. Charan Singh University, Meerut).

About IRC

Information Resource Center (IRC) of INMANTEC is fully computerized with the help of Open Source Library Management Software Koha. The IRC delivers user focused innovative information products, services and programs of the highest quality that are integrated with teaching, learning and research activities. The collection of the library covers latest information resources on all areas of Management, Information Technology, Law and Education. The center occupies a unique place in academic and research activities of the institute. The IRC maintains publication exchange program of the institute with regional, international, national, foreign institutions and organizations.

About MANLIBNET

Management Libraries Network (MANLIBNET) was established in the year 1998 and registered as a

Society under Societies Registration Act of 1860 in the year 2000. For the first time in the LIS profession, MANLIBNET initiated Librarians Development Program (LDPs) for librarians, knowledge managers and information professional community in the year 2008.

Besides publishing the proceedings of the conference during its annual conventions, MANLIBNET has been publishing its quarterly journal 'Journal of Library Management' since April 2012. MANLIBNET promotes outstanding library practices by identifying the Best Librarian from information professionals' community and recognizes the best academic work on an annual basis by awarding the LIS professional who contribute best paper in the MANLIBNET annual conference.

MANLIBNET organizes conferences and LDP on regular basis.

About the LDP Theme

World over, libraries are constantly facing challenges to meet the ever increasing expectations of users due to lack of funds. Therefore, it is high time that libraries upgrade their services and systems using innovative approaches and making use of latest technology to fulfill ever increasing users' expectations. Open source software for automation and modernization of services offers a great opportunity for librarians and has come handy in meeting users' expectations.

Joomla is a free and open source and probably the 2nd most used Content Management System for publishing web content. It is written in PHP and store data in MySQL/PostgreSQL

DSpace is a free and open source software for building digital repositories focused on long term storage, access and preservation of published digital content.

Last Date of Registration

10th of February 2018

Days 4th Series
Librarian Development Program

On

15th-18th February 2018

Organized by

Information Resource Center (IRC)

INMANTEC Institutions

Ghaziabad, UP

In Collaboration With

MANLIBNET

Venue: INMANTEC Institutions

Objectives of the LDP

- To create awareness among professionals about open source technology & its applications in library.
- To make the library professionals technically sound so as to digitize their library considering the issues of copyright independently without any support & develop the web application to manage the information explosion.
- To strengthen the society & professionals
- To help participants in understanding the A-Z of Open source Software Joomla and DSpace to upgrade the library service quality.

Who Should Participate

LIS faculty, practicing librarians, students, research scholars etc.

Topics to be Covered in the LDP

The following areas will be covered in the LDP

- Design and Development of Website with Content Management System Joomla and its installation.
- Working with different modules in Joomla and details of its plugins.
- Open Source System & Why Open Source System?
- Introduction to Linux and Ubuntu and its installation (to dual boot along with Windows)
- Understanding Ubuntu file system layout, creation of user and group, basic commands
- Build Digital Repository – Community and Collection
- Assigning privilege to the collection, Metadata, Copyright, Issues & Challenges
